Connectivity

1 Connection Methods

Connect to the Internet via Dial UP Modem or any other mode (ISDN Modem / Cable connection / Leased line etc.)

2 Accessing the Website

Open the Web Browser and type <https://tender.telangana.gov.in>. Click on Tender Login and follow the link.

Troubleshooting

1 Internet Connection

Check your Internet connectivity. Open the properties box of the internet connection.

2 Troubleshooting Steps

Monitor the "bytes in" and "bytes out" section in the properties window of your Internet connection. If there are no changes, try to open any other site and see the difference.

Troubleshooting Continued

1 Proxy and Firewall

If you are not able to open the Tender login page, check if your machine is behind the proxy or any other firewall.

2 Slow Connectivity

In case of slow connectivity to <https://tender.telangana.gov.in>, check the speed of your Internet connection.

Troubleshooting Tips

1 Cache Clearing

Clear the Cache of your temporary internet files.

2 Virus Scan

Run the virus scan periodically.
